

Canada/USA Cross-Border Priority Trade Developments and Updates

Miller Thomson is pleased to partner with Carson International in our webinar coverage addressing international trade issues, and how to best navigate the changes.

Canada/USA Cross-Border Topics

Trade has always been an integral part of the Canada / United States relationship and even during times of crisis, like today, business depends on goods moving as seamlessly as possible between our countries.

Our expert panel will explore with you the following topics: duty payment deferrals; tax deferrals; new CUSMA / USMCA / T-Mec rules of origin; tariff rate quotas, advance rulings; e-commerce; customs enforcement; potential US tariffs, potential Canadian countermeasures, “Buy America” provisions, trade sanctions; and anti-dumping and countervailing duties.

Please join the conversation.
